GLOBAL PRESENCE

An extensive global presence is key to enabling ZTL to better address the data storage needs of its customers. We are approaching to get the access of global market such as in Australia, Malaysia, Thailand, United States, Canada and other Countries.

OUR STORY

Zaimah Technologies Limited (ZTL) is one of the pioneer technology based offshore development company located in Bangladesh. Our company was founded with the specific aim of producing the best quality services to our valued customers. The mission of ZTL is to help our clients with professional services by ensuring quality, competence and specific objective, delivering the best solutions to fully satisfy to our customer, business processes and management. The best way to develop competence is through facilitated hands-on practice followed by industry experience. With this mission statement, we are endeavoring to describe not only the Company's purpose, but also our ambition and values.

OUR CULTURE

Smart & Agile

We hire smart and agile people who are forward looking and want to become leaders in their field. That's why more than 80% of our people have been with ZTL for over 5 years.

Freedom & Imagination

we value individuals & their needs over processes & rules. We want our people to be creative & free-thinking, that's why we never force them into closed procedures.

Communication & Interaction

we value continuous communication between us and our customers. A product is only as good as the needs it serves. We always focus on the customer's wants & needs.

Community & Open-source

we encourage everyone to write and contribute to Open-source projects. Storage OS's Illumes based kernel is open source as well as the VMware integration library.

Corporate mindset

We maintain a corporate culture where every employee's opinion is valued & appreciated. At ZTL, we like to challenge ourselves by analyzing any idea's pros and cons.

Workplace & lifestyle

We offer a workplace where everyone can keep a healthy way of life and can truly feel at home. A happy employee is also an efficient and productive one.
