

CureTech Bangladesh

TRADE LICENCE NO: 178135

About us

CureTech operates in IT field including solution, architecture, digital strategy, software, hardware, cloud, data protection, managed services and support.

Established in 2008, CureTech operates in Australia, USA and Bangladesh. We have delivered nearly 100 solutions of small to large size to 32 companies globally. We work through agile methodologies to deliver safe solution in the quickest time.

Our work is always KPI (Key Performance Indicator) driven – ROI, Revenue, Cost saving, efficiency. If our solution meets the KPI, we bill to customers. It is our promise. Our managed service and support services are also driven by SLA (Service Level Agreement).
