

A stylized world map in light blue and green, overlaid with a network of white lines and circular nodes representing global connectivity. The map is centered on the Atlantic Ocean, showing the Americas, Europe, Africa, and parts of Asia and Australia. The nodes are placed in major regions like North America, South America, Europe, Africa, and Asia, connected by curved lines.

Apptriangle

Global Technology Service Provider

Apptriangle Limited is a global technology service provider and also a digital platform developer company in Bangladesh. We are here to provide customer satisfactory service which includes Cloud, On-prem, Security and Many more solutions. We want to make our customer's life easy and automated as much as possible with different apps from Global OEMs.

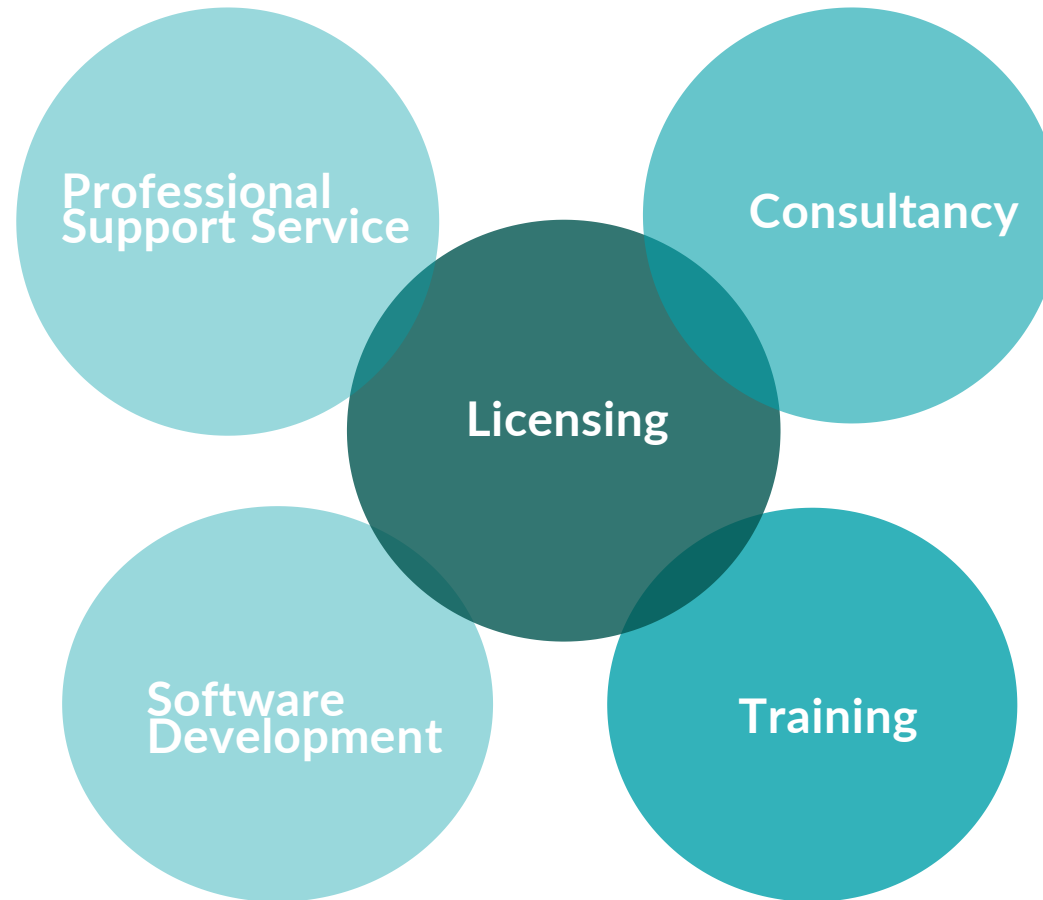

Our plan is to transform into a high-tech nation. We have plan for the industries and sectors which is still not open to digital transformation. It is our highest priority to introduce digital apps for the naïve sectors which is not still a very technology driven industry. We will make sure that every manual process used today will be replaced with a digital platform to run on.
