INNOVATION

L I M I T E D

From off-the-shelf software to custom solutions and mobile apps—expertly designed, developed, and supported with unmatched professionalism

ABOUT **US**

NEXTGEN INNOVATION LTD. is a leading IT solutions provider, offering tailored software and technology services across various industries. With a nationwide network of employees and consultants, we specialize in healthcare, hospital management, custom software, offshore development, outsourcing, and web applications. Our clients range from small businesses to multinational corporations, NGOs, and government bodies in Bangladesh. We have developed and implemented systems like Hospital Information Management Systems in hospitals and online applications for government departments such as Livestock, Fisheries, and the Bangladesh Food Safety Authority. Our services span Software, Web, and App Development, Business ERP, IT consulting, and machinery integration with software. We also excel in the supply and integration of advanced IT equipment.

Our team of experienced professionals is committed to leveraging cutting-edge technologies and providing comprehensive post-implementation support to ensure long-term client success. We aim to build sustainable IT infrastructure and scalable solutions that empower our clients to achieve their business objectives. While focused on innovation and reliability, we also strive to make a positive impact on global human flourishing through our work.

Who We Are?

- ✓ A team of senior experts with an average of 5+ years of development experience
- ✓ 90% of our developers come from engineering backgrounds
- ✓ 3 out of 4 clients partner with us for long-term projects
- ✓ Offering end-to-end software development services for IT solutions
- ✓ 6+ years of experience in UI/UX design
- ✓ 5+ years of experience in software engineering
- ✓ Skilled mobile app developers specializing in both Android and iOS
- ✓ A robust and growing engineering team of over 40 professionals

OUR MISSION

Delivering cutting-edge yet cost-effective IT solutions

Creating a robust foundation that drives client success

Comprehending and addressing clients specific business needs

Embracing global best practices and established methodologies

Fostering core competencies by continually developing our staff

OUR CORE RESOURCES

Our team comprises seasoned professionals driven by innovation and a passion for technological excellence. We stay ahead of industry trends and leverage the latest tools and methodologies to deliver top-notch solutions.

TEAM EXPERTISE

These resources are not limited to specific projects but are adaptable across different software development ventures. Our skilled team harnesses these tools and technologies to meet the unique demands and complexities of each project, ensuring efficient and high-quality outcomes. We continually explore and adopt new tools and technologies to ensure that our development practices remain innovative, efficient, and aligned with evolving industry standards.

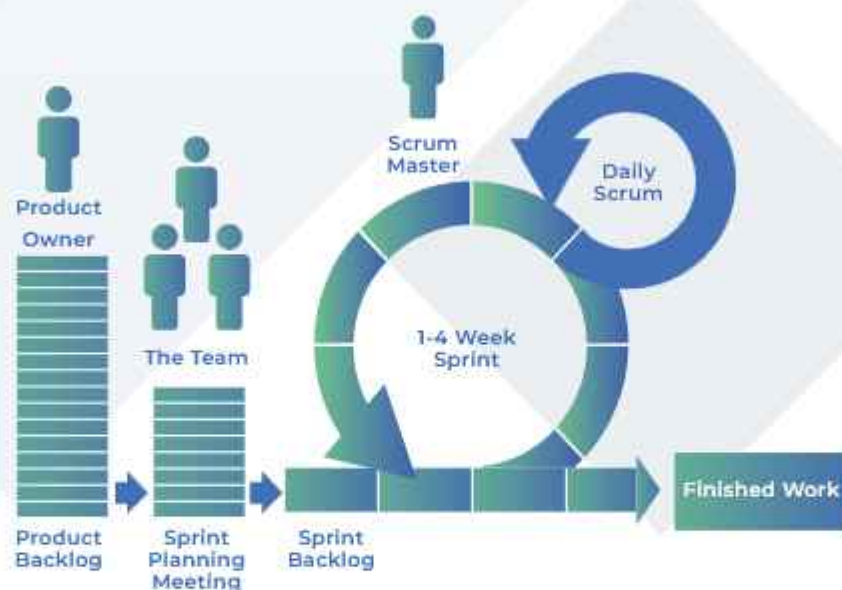

WORK **PROCESS**

Continuous innovation is central to our approach, and Agile methodology strengthens communication and collaboration with our clients. This empowers our team to swiftly adapt to evolving business landscapes, navigate challenges, and meet client objectives.

By applying Agile principles, we streamline processes, ensuring smooth interaction and responsiveness to changing demands. The flexibility of Agile aligns with our commitment to adaptability, allowing us to quickly pivot strategies and address emerging needs. This agility is key to consistently exceeding our clients' goals and expectations.

KEY AGILE BENEFITS

- ✓ Increased collaboration
- ✓ Improved quality
- ✓ Better visibility to risk
- ✓ Early & predictable delivery
- ✓ Adaptable to change
- ✓ Increase project control

MAJOR PRODUCTS
