Fluorescent light source with a natural, soft characteristics
LED lights have long life.

Parking/Traffic Management

Automatic bollard

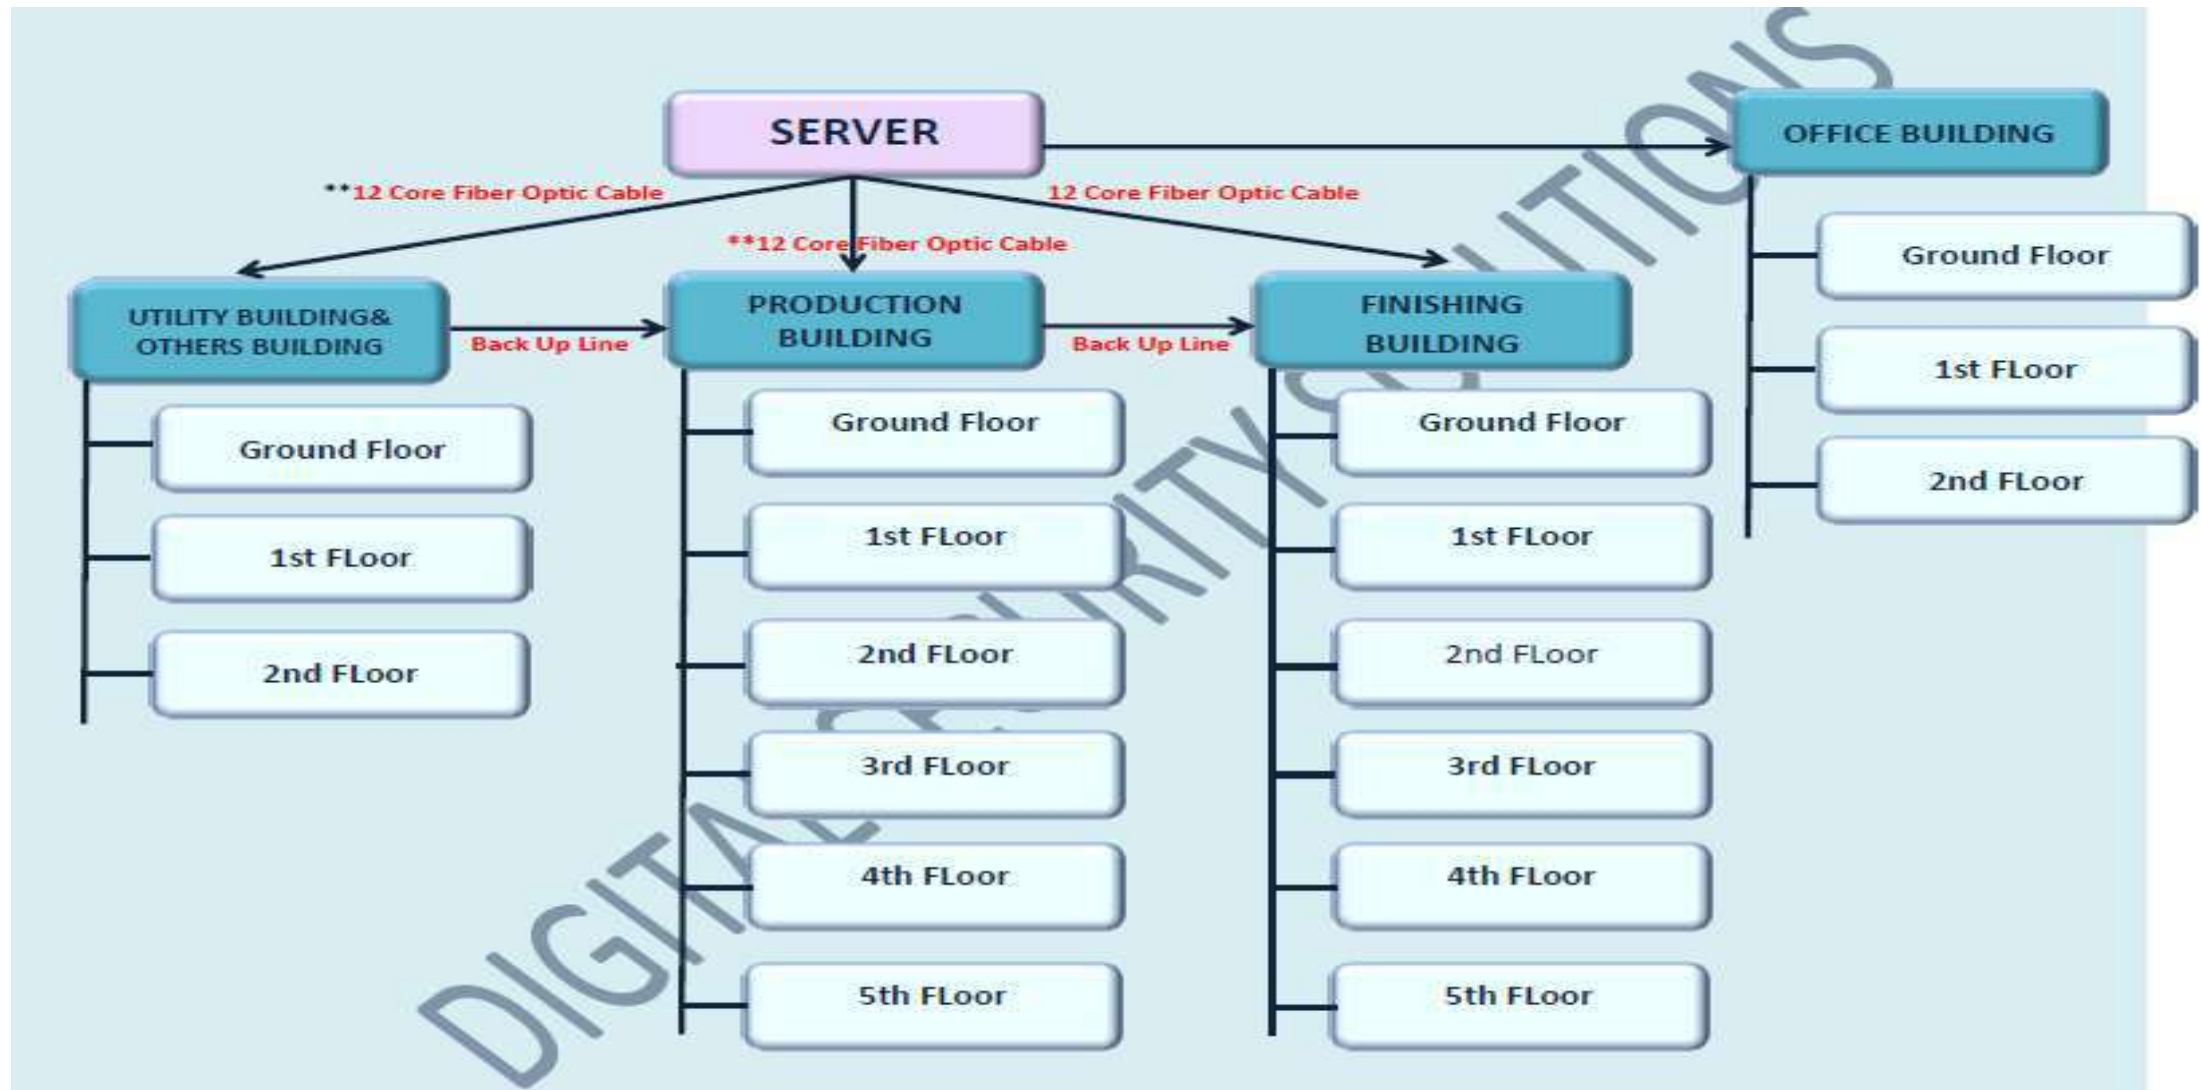

which is used widely to protect security areas from vehicle intrusion. It is an ideal solution for entrance with high security requirements.

Visitor Management

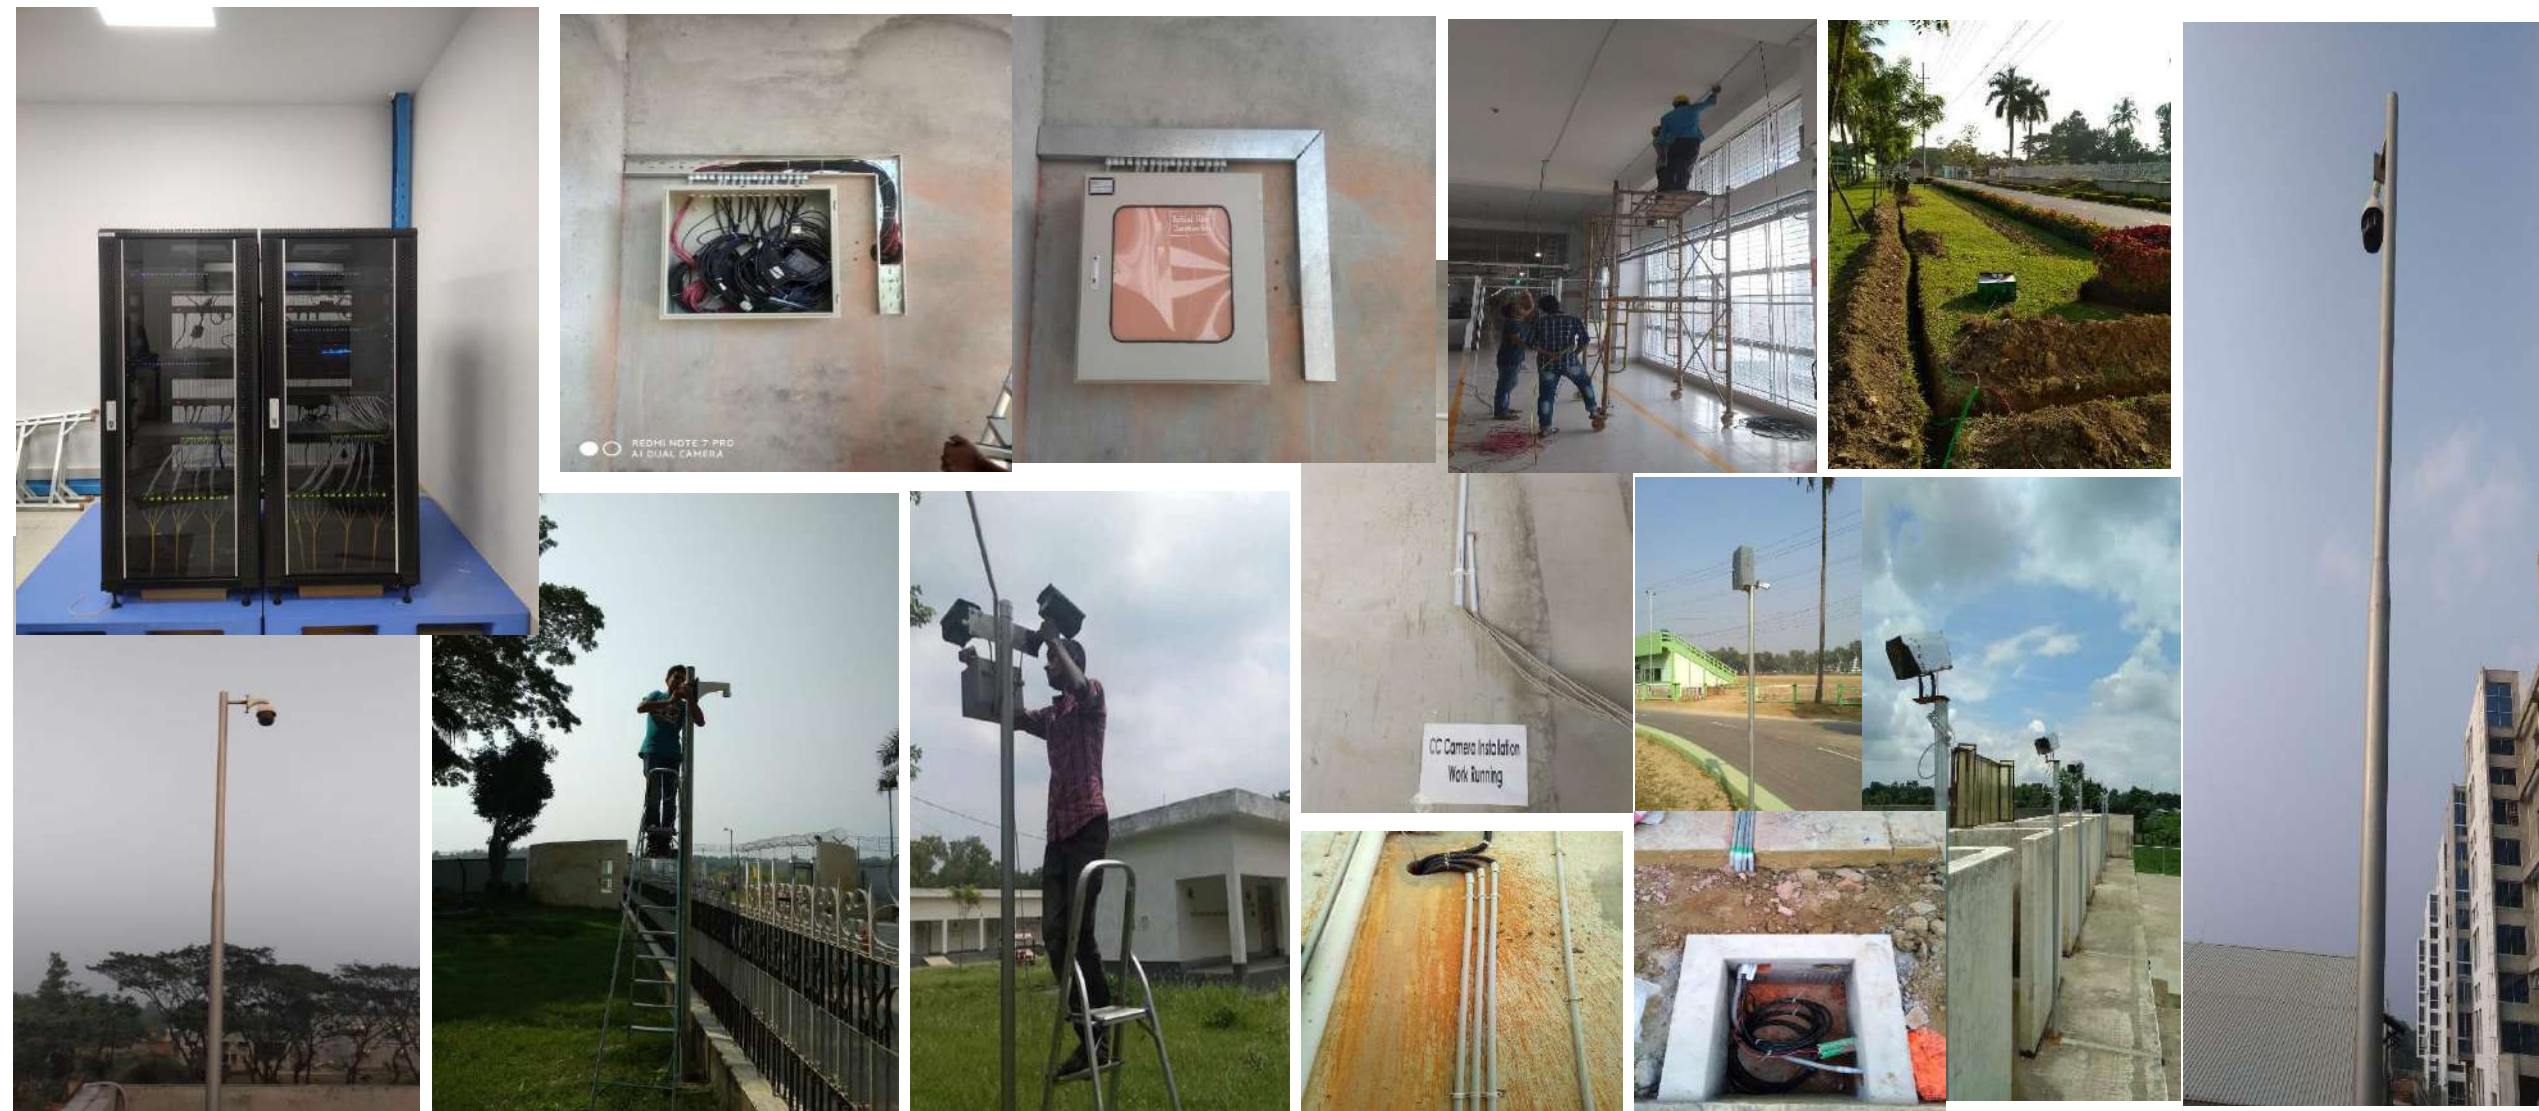

kiosk is a small, stand-alone booth typically placed in high-traffic areas for business purposes. It typically provides information and applications on education, commerce, entertainment, and a variety of other topics. Kiosks are popular due to the number of advantages they provide. Since kiosks are often placed at strategic locations, you'll be able to reach more potential customers. This helps expand your customer base, which ultimately increases your company's ability to sell more products. Kiosks allow you to expand reach and generate more sales without the need for a costly investment
