We combine proven methodologies, business domain knowledge and technology expertise of 10+ skilled software professionals to deliver high quality solutions.

Founders

ASHRAFUL ALAM

Chairman and Founder

Ashraful Alam, chairman and founder of CHTL who has more than 10 years' experience on mobile and enterprise application development. He worked in multiple countries including USA, Canada and Japan; and had a great experience to work at world's top 100 fortune companies such as Capital One, Verizon Wireless and Sony Mobile Corporation.

His overall experience was analysis, design, development and play a hands-on role through all the phases of software development lifecycle (SDLC).

RAJIB DEB

CEO and Founder

Rajib Deb, CEO and Founder of CHTL who has had 10 years of technical experience on Web and Enterprise application development. Over the past few years, he worked with over 50 USA/UK/Canada/Australia based companies in planning, designing and developing applications which are large scaled and secured.

From some international vendors, Rajib Deb received couple of professional certificates like PHP Certified Developer, Java Core Developer, Java EJB Developer Expert and Java Web Service Developer Expert etc. After many years of technical experience, he is now focusing on building effective communication and networking with the overseas clients and his technical teams.

His overall responsibilities are creating, planning, implementing and integrating the strategic direction of CHTL.

Our Mission

Our mission is to enhancing the business growth of our customers with creative Design and Development to deliver market-defining high-quality solutions that create value and reliable competitive advantage for our clients around the world.

Our mission is to deliver optimal solutions with quality and services at reasonable prices. For us customer satisfaction is given top place. We are very friendly in our dealings to the customers and it helps us retain existing clients and expand customer circle. We always try to improve the quality of our products by exploring innovative ideas.

CHTL exists to help organizations fulfill their missions. Our specialty lies in helping organizations to use their product or business effectively, in a way that supports their overall goals and strategic priorities.

- We value and expect integrity in all that we do
- We recognize that the foundation of our growth and success is making each and every client project a success
- We strive for operational and service excellence through a relentless focus on:
 - **People** - recruiting, developing and retaining top talent
 - **Process** - ensuring quality while taking time and cost out of the drug development process
 - **Clients** - significantly and continually enhancing client satisfaction with our services
- We are determined to build a company culture based on superior performance, success through teamwork, respect and recognition for the individual, diverse and challenging work, and flexible and rewarding career opportunities for our employees.

Our Vision

Our vision is to develop in a constant manner and grow as a major IT service provider to become a leading performer, in providing quality Web and Software Development solutions in the competitive global marketplace. Our professional, flexible and integrated process reflects in what we do. We always guide our customers to success. We have the ability to accelerate and quickly share the great work or products of your organization or business.

Fortunately, we have been able to bring together a talented crew of professionals shaped and molded by their collective experiences in the agency, corporate and private industries, all of which possess outstanding talent. The synergy of what CHTL does comes from a blend of passion for success and the skill to help accelerate your organization.
