INTRODUCTION

This is the age of the Information and Technology. While the world is advancing towards the golden area of Information technology (IT), & Security System Bangladesh & Malaysia is lacking behind due to inappropriate vision, and proper guidance. But it is a fact that Bangladesh has a great future in IT business.

BD Software & Security System Ltd. is a tech company that offers the complete solution of software, security, and automation system. We have built custom software like ERP Solutions, VAT Software, School Management Software, Attendance System, and Shop Management Software. We also provide all kinds of security products including CCTV Surveillance Cameras, IP Cameras, DVRs, Access Control Systems, Gate Automation, Parking systems, Automatic Bollard System and etc.

We are more than happy to help our clients to select the best solutions that can fit their requirements and budgets. Our clients can easily purchase products and services from us and we have been trained to supply, install, and provide after-sales service to end customers.

The success and failure of information industry depend on the manpower expertise in Software Development, Hardware Adaptation & Security System. The strategy for research, training and development in the area of Computer and Information Technology (CIT) in Bangladesh is not adequate compared to other competitors in the region.

IT is a rapidly changing technology for which training, education, research and development is very much needed. Research & development in IT should focus on applied research, giving the potential to implement well the technology and knowledge transfer, contributing to the improvement of quality and efficiency of the application of IT in ourcountry. Theactivitiesofbasicresearchwillbefurtherencouraged in somedirectionswherewehave sufficient absorption capacities.

Service rendered to the IT sector involves valuable intellectual labor. The fundamental rethinking and radical redesign of business process to achieve dramatic improvements in critical, contemporary measures of performance, such as cost, quality, service andspeed(reengineering) has become part of thecommon parlance in the business press, radio and television news, talk shows, in conversion.

Information technology (IT) plays a crucial role in business reengineering, modern, state of the art information technology is part of any reengineering effort, an essential enable, since it permits companies to reengineering business process. In the IT field specially for a firm engaged in giving customer service over IT commodity like hardware, software, software training may have halves of their main operational stream.

Processes are the objects of reengineering not the organization. Companies don't reengineering their sales or manufacturing departments, they reengineering the work that the people in those departments do. Some of our talented young experts and some period are flourishing IT field. Progressions of those efforts are very much appreciable.

Our country, Bangladesh, has already entered into the worlds most talked 'internet' the information super highway. Internet is a global media of communication and expression. It is giving a dramatic impact to our life in this competitive world. We would like to dedicate our intellectual, intelligence to develop and implement those proven technologies in business and also in our daily.

Attn: Ms Hafsah Yahya (Director)

Dear Sir,

Expatriate Services for Foreign Knowledge Workers in ICT Sector

At your request, we are writing to provide you with information on services provided by the Multimedia Development Corporation Sdn Bhd ("MDeC") to assist your company to apply for the necessary passes for the foreign knowledge workers required by your company **("Expatriate** Services"). A complete list of the Expatriate Services and the fees charged ("Expatriate Services Fees")are enclosed herewith. The fees and charges payable to MDeC are required to be paid during submission of the respective applications.

Kindly note however that the Expatriate Services Fees exclude all fees, levies and charges payable to the Immigration Department of lv\alaysia ("IDM") such as those relating to Work Permits (Employment Passes), journey Performed Visas, Multiple Entry Visas, Overstay Compounds, Special Passes and any taxes payable to the Inland Revenue Board of Malaysia. We will advise you on the fees, levies and charges which are payable directly to the IDM during the application process.

The Expatriate Services Fees include all handling and processing costs and incidental costs incurred by MDeC or its officers in the process of applying for the said passes or visas for your foreign knowledge workers.

Please be advised that the services provided by MDeC pursuant to this letter are limited to the Expatriate Services only. Your company is solely responsible for all steps necessary in the employment of the workers, including ascertaining and complying with all relevant laws and regulations in force at all material times.

Please also be advised that your company is responsible to ensure that all information and/or documents furnished by you to MDeC or any other authority or agency do not contain any false, untrue or inaccurate statements or omit to skate any facts, the omission of which would make any statements made therein in the light of the circumstances under which they are made, misleading.

Our Ref: ICT/IFT/S210/SA/01

19 October 20a 1

Accordingly, MDeC shall not be responsible or liable for any disputes, claims, costs, losses or damages incurred by your company, the workers or any other third parties, which arise in respect of the employment of the workers and/or the provision of the Expatriate Services, whether such disputes, claims, costs, losses or damages arise between MDeC and your company, the workers and/or any third parties, and whether or not such disputes, claims, costs, losses or damages arise directly or indirectly from any act or omission on the part of MDeC.

Kindly confirm your understanding and acceptance of the terms and conditions stipulated in this letter by signing the duplicate of this leber and returning the same to:
