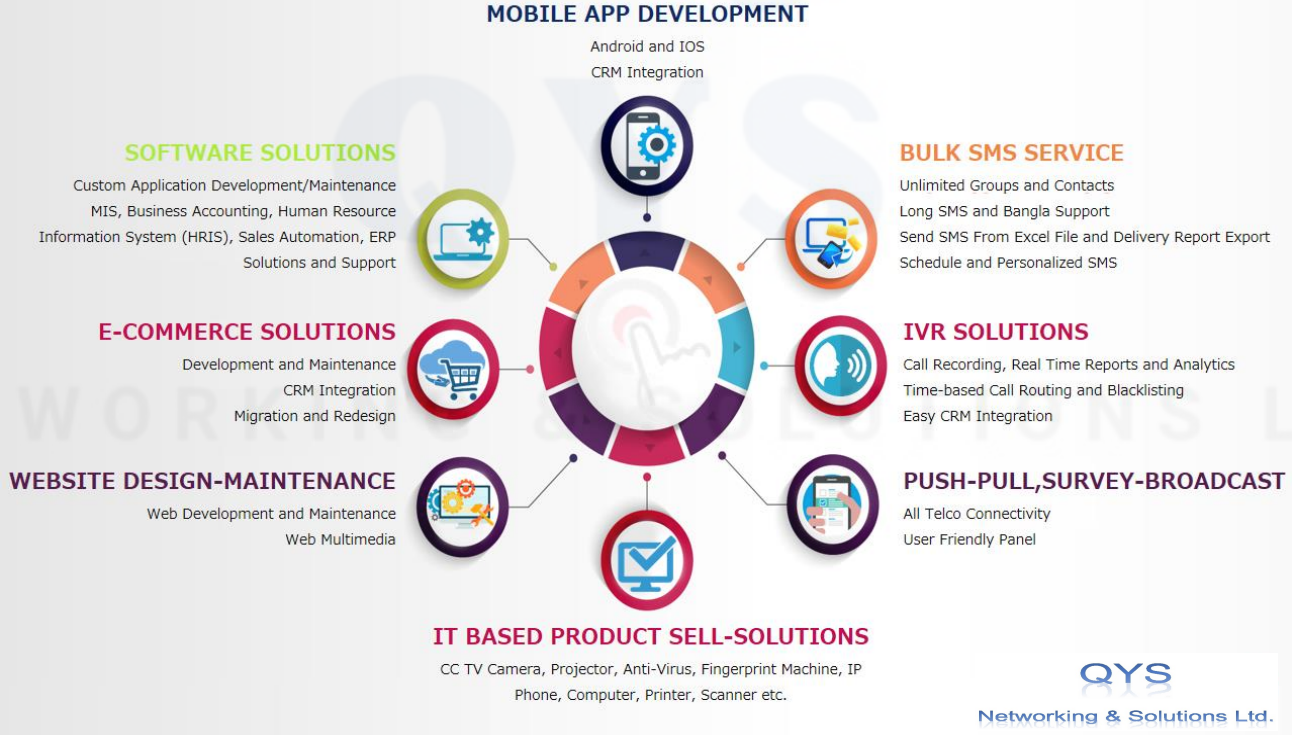
ABOUT QYS

QYS networking & Solutions Ltd., is paving a path towards excellence by projecting a new image of innovative, efficient, flexible and sustainable development in the IT industry. We commenced operations to provide consulting and IT services to clients - globally as partners to conceptualize and realize technology driven business transformation initiatives. We take pride in having a proficient and dedicated team of professionals, who are capable of delivering quality services by working within a time frame. QYS Networking & Solutions Ltd is committed to assist its esteemed clients by providing their desired services 24/7.

We are a group of business developers, designers, engineers and content specialists who are passionate about what we do. Together we form one of the leading custom Information Technology companies in Bangladesh. Getting great services out to users is the single goal that drives us. Our mix of skills and talent means we have everything to meet that goal in one place. Design, development, testing, deployment, content and anything in between those clearly defined roles - we cover it all.

We cater not only for the domestic clients but also for the foreign multinational companies. We offer the following services:



QYS ltd is also working as a telecom service provider and system integration company focusing on the needs of general & financial enterprise & telecommunications sector worldwide.

-QYS Networking & Solutions Ltd. A TRUSTED ENTERPRISE DELIVERING EXCELLENCE

OUR VISION AND MISSION

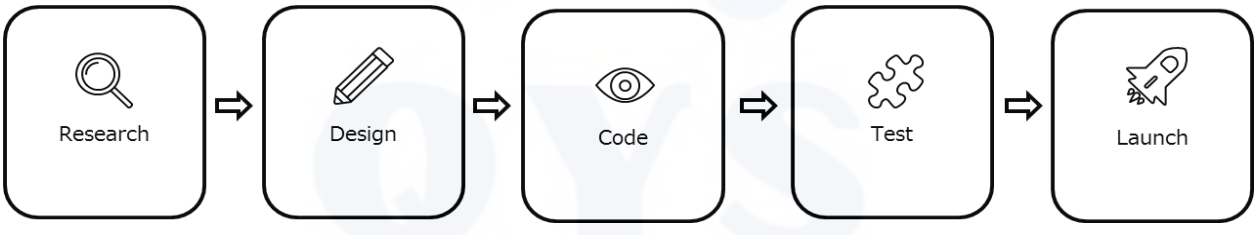
QYS Vision, is to become a recognized as a leading organization in the ICT industry that will deliver the innovative business solutions for world class people.

QYS Mission, is to cater the exact IT solutions with the required technologies and superb support for helping enterprises accelerate adoption of new technologies that always emerge during digital evolution and orchestrate ongoing innovation.

HOW WE WORK

Our approach is distinctly innovative. We constantly seek new ways to increase client visibility and brand value. We also look to get the most out of advances in digitalization, and embrace client technology platforms.

We specially select teams for every project, to ensure each project gets the attention of the people who have the most relevant technical skills, languages and knowledge.



WE BELIEVE IN

- Motivation
- Collective responsibility and leadership
- Professionalism and ethics
- Adding values to our client needs

OUR QUALITY

Our main emphasis is to deliver best quality in every project we undertake. With our time tested business methodology, and structured solution building, approach, we ensure to maintain our global business standards.

VALUES

Quality | Technology | Innovation | Customer Satisfaction | Win together

We aim to be the best at what we do. QYS Networking & Solutions Ltd. has a dream of evolving into a Global IT Company, ensuring that the solutions being delivered include best practice in I.T. with the chosen area of technology. We operate with complete focus to Maximize customer satisfaction. Develop and encourage an environment of mutual respect within company and extending it beyond to clients. Encourage commitment and personal learning of workforce. We are proud to have built our organization on the strong pillars of integrity, honesty, and self-respect.

WHY CHOOSE QYS

A choice that makes the difference.

QYS is committed to helping its clients reach their goals, to personalizing their experiences, to providing an innovative and interactive product/service, and to making a difference.

Our strong sense of identification with client projects means that we are constantly striving to provide solutions, even for issues they aren't yet aware of. To this end, we adopt a progressive approach to technology and marketing techniques.

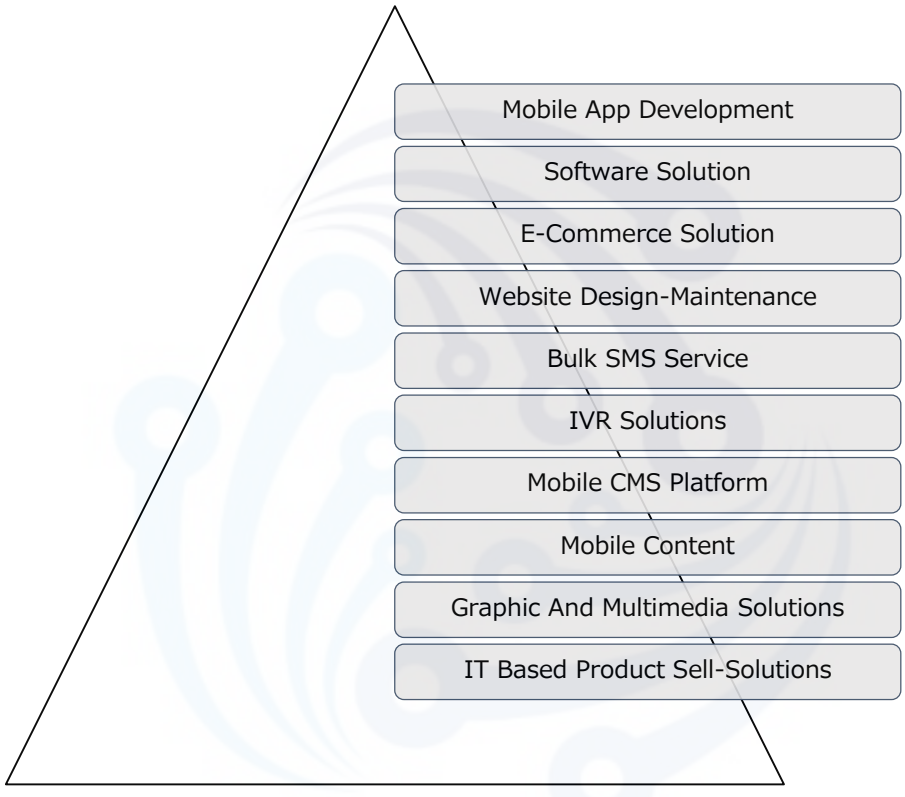
This sense of identification also means we value and promote seamless interaction with clients' own teams, and ensure the best value is obtained from their event budget. Our experience at the top of the events business means we have expertise which reaches across a number of sectors, as well as knowledge of specific protocol and local regulations. But we know that things change, and we are constantly striving to adapt and improve.

As a consequence, we strive to share the experience we acquire across our organization, which now extends to One (1) sister concern named ''STBDL Traders''.

OUR ESSENCE

A hard-to-explain passion for reaching new frontiers, to aim higher, to leave a mark to transcend.

QYS PRESENT ACTIVITY



1. MOBILE APP DEVELOPMENT

QYS is an experienced mobile app development company of delivering effective project management and flexible delivery models to create intuitive mobile apps that help business in increasing efficiency and engaging with end-users in an agile manner. We strive hard to meet our customer expectations, be it native IOS, Android app or Hybrid app.

We help businesses of various sizes, types and scales leverage mobility solutions as a driver to Digital Transformation.

2. SOFTWARE SOLUTION

QYS has developed a number of products and MIS applications for its clients in this service. Our mature software development processes, combined with excellent infrastructure have significantly increased the “on-time and on-budget” delivery of software in the offshore mode.

We use a highly effective IMPACT Methodology for offshore and distributed software development. Our services begin from analysis, moving through designing, development, testing and implementation to maintenance. Our applications come in all sizes, be it a one-table database, or a massive client-server application. The creation of complete database applications is yet another field that we specialize in.

3. E-COMMERCE SOLUTION

We offer e-commerce services in custom-built solutions as well as packaged software customizations and implementations. This helps customers to heave their business from point of sale implementation and go global. Our competent management team, good post-sales services, well-organized business structure, network infrastructure and a secured, well-designed.

4. WEBSITE DESIGN-MAINTENANCE

Websites can enhance awareness of your brand, leading to more sales. Build relationships with customers, vendors, and shareholders through your online identity get more traffic from the search engines Get more traffic from the search engines, fast loading web pages with excellent navigation and designing, communicate more effectively. Either you are looking for Dynamic site or a static site is your solution we can help you acquire both. We offer web sites on flash, asp, php which are tailor made to target your customers and make your presence live on web.

5. BULK SMS SERVICE

Make a right path for your business by targeting the right people at the right time. Bulk SMS services are best way to help you communicate, interact and transact with your target audience.

We are the certified aggregator as an A2P/Bulk SMS by Bangladesh Telecommunication Regulatory Commission (BTRC). Certificate No: BTRC-A2P-21-044

6. IVR SOLUTIONS

Interactive voice response (IVR) is a technology that allows a computer to interact with humans through the use of voice and DTMF tones input via keypad. In telecommunications, IVR is one of the most enjoyable channels for the mobile customers. IVR allows customers to interact with a company's host system via a telephone keypad or by speech recognition, after which they can service their own inquiries by following the IVR dialogue. IVR systems can respond with prerecorded or dynamically generated audio to further direct users on how to proceed. IVR systems deployed in the network are sized to handle large call volumes.
