INTRODUCTION:

The revolution of the IT industry has a great influence on the development of modern civilization. Believing this development as an art SOFTAVION LTD., one of the growing IT firms in Bangladesh is creating some success stories to contribute in the global IT industry.

In this era of globalization, IT solutions like web development, software solutions and networking are some basic needs for organizational development and businesses are getting dependent on these everywhere. For this reason, organizations that do not have IT infrastructure are facing problem to compete with those who have a strong lead in the IT world.

Considering all these facts, **SOFTAVION LTD.** started its business in 2012 to provide the highest level of professional service to the organizations and individuals to create a strong IT infrastructure. Now it has become a recognized IT solution provider which has been providing anything on web, in networking & in developing any software without any complication to clients worldwide. Being in IT business for about 5 years now, it has a skilled expert team with good experience in Web and Software development.

SOFTAVION LTD. is providing various ICT Services for last 7 years in Bangladesh and also earn foreign remittance by offshore software Development for the various countries like, UK, USA, Canada and Australia.

We have a comprehensive group of highly skilled System Designer, System Analyst,

proficient Software Engineer and an efficient Hardware and Network team. According to the diverse needs of the changing business environment the team is fully able to provide innovative and cost- effective business solutions, software and ICT solutions. We offer:

- Software solutions
- Web development
- Graphic designing and printing
- Training and Support services
- ERP Solutions
- E-Commerce Solutions
- Domain Registration and Hosting
- Bulk SMS Provider

WHY US?

- ✓ Our services are available to you with Quality Flexible Support. Furthermore, we don't limit ourselves to place, time or any particular technique; therefore our work team applies several methods to fulfil the work perfectly.
- ✓ We always provide you with the newest technology.
- ✓ We prefer the foremost way to provide you with the best we have.
- ✓ The previous works that we execute proved our experience and proficiency in fulfilling our work.
- ✓ We have a continuous supervision over our projects even after we submit our work.
- ✓ We also have strong alliances with partners to deliver business solutions.

OUR VISION

To contribute in the global IT industry by developing innovative products and services to meet the critical business needs in the constantly changing market demands.

OUR MISSION

We do our utmost to lead in the invention, development and manufacture of the industry's most advanced information technologies including computer systems, software, storage systems and microelectronics. We translate these advanced technologies into value for our customers through our professional solutions, services and consulting businesses worldwide.
