COMPANY PROFILE

Softify Technologies is one of the latest IT trends following software development company in Bangladesh backed by some young energetic engineers who are highly experienced to serve people with their passion and dedication on the digital world arena.

Softify's mission is to solve challenging technical problems in partnership with our clients. We understand the business needs of our clients, and how technology can be a tool to make modern businesses more profitable. Softify combines technical excellence with great customer service and value for money.

We value creativity and collaboration; ideas are shared and everybody contributes on an individual basis to the common goal. We create new teams for each project, ensuring the best possible combination of skills and experience to meet the client's needs and deliver high quality solutions.

OUR TEAM MEMBERS

We are justifiably proud of the team we have assembled. Softify has grown steadily and now has 8 young energetic Engineers. The Softify team is made up of highly-qualified, talented and innovative IT professionals each with their own area of expertise. Their experience spans the full range of custom software development, from small entrepreneurial projects to complex systems for major corporations.

We believe in working in partnership with our clients to understand their unique needs and working methods.
