About Ultra-X BD

About Ultra-X BD

ULTRA-X BD Vision :

Our Vision is to be a leading Software Solution & Research and development company in the IT sector and progress in our current position in the market. We know that Customer growth is our growth, so we commit to our customers to help in achieving their business goals. We believe in working with the accuracy and best quality. We want to be known as the reliable, innovative, and user-friendly software service provider in the IT industry. We Focus on constant innovation as our key to achieving the ultimate goal of success and emerging as a globally recognized company by providing superior quality services and solutions.

ULTRA-X BD Mission :

Ultra-X BD aims to develop and deliver the most innovative and quality products. To achieve customer satisfaction, we try to do our best. Every year, Ultra -X BD participates in exhibitions both in Japan and Bangladesh. The company makes a profit by delivering quality and effective products. Customers' satisfaction is our first priority. Being professional in Windows solutions development, Server solutions development, web solutions development, and android/iOS solutions development, our mission is to provide customer-centric, result-oriented, cost-competitive innovative & functional IT Solutions to our valuable global clients.

Ultra-X BD plans to provide all kinds of software products to its clients whether it is a diagnostic of a problem or something innovative. Exceed clients' expectations by going beyond software to provide the best Web solutions that transform data into knowledge, enabling them to solve their problems.

ULTRA-X BD achievement :

- Till now ULTRA-X BD successfully **deliver** products for Japanese exhibition.
- We did able to **innovate** such some good ideas/products that can **help** other companies to make their **business easy**.
- So, we are working on **focusing new ideas** and develop them for the world.

ULTRA-X BD achievement :

ULTRA-X BD Employees :

- Currently we are **22** engineers.
- ULTRA-X BD working environment is **friendly**.
- Good **Professional** environment.
- **Punctual** for project deadline.
- **Honest**.

ULTRA-X BD Client :

- Ultra-X Asia Pacific is our Client and Ultra-X Asia Pacific clients are-

- Panasonic
- Sony
- ADEC
- Hitachi
- Japanese government company

The Panasonic logo, consisting of the word 'Panasonic' in a bold, blue, sans-serif font.The Sony logo, consisting of the word 'SONY' in a white, bold, sans-serif font on a black background.The Hitachi logo, consisting of the word 'HITACHI' in a bold, red, sans-serif font.

ULTRA-X BD Products / services :

- Daily Report Manager

- Data Sanitization Suit

- Sound Test App

- Super Trash Box

- USB Reader/ Writer

- USB Maker

- Software Delivery Server

- ETTMS Web Application

- ETTMS Mobile Application

- GPT Partition Manager

- Asset Management

- Others

ULTRA-X BD Products :

GPT Partition Manager

The screenshot displays the GPT Partition Manager application window. The main interface includes a sidebar with 'Disk 0' entries, a central disk layout showing partitions 'System' and 'C:', and a table of partition details.

Partition	0
System	NTFS
Type	Basic

A modal dialog box is open, displaying the following information:

- Current Selected Disk:** 0
- Current Selected Partition:** D
- Total Volume Size (in MB):** 102397
- Maximum available space (in MB):** 10239
- Select the amount of space (in MB):** 10239

The dialog box includes buttons for 'Auto Expand', 'Expand', and 'Cancel'. A red error message at the top of the dialog states: "You can only extend the volume to the available space shown below because your disk cannot be converted to dynamic or the volume being extended is a boot or system volume".
