

TetraHost Bangladesh

Biased for true hosting experience

Leading Hosting Company from Bangladesh

Providing Web Hosting Service from 2007

Hosted Over 5000+ Domains

ABOUT THE COMPANY

TetraHost was founded in 2007 and provides shared hosting, reseller hosting and radio hosting service in Bangladesh. We leverage our extensive knowledge of web hosting and software development to create reliable self sustaining solutions. We believe that the best hosting solution is one where the services themselves know how to recover from common problems with other hosts that require fixes from people. Even with this automation we are monitoring the health of all our servers every minute to be informed of any potential problems.

HOSTING OVERVIEW

TetraHost Bangladesh believes that creating a successful web presence should be easy and affordable. Our pledge is to provide you the best-quality, most fully-featured services at reasonable prices. Our business philosophy is to make it Quick and Easy, Provide the Best Resources, Back it up with Full Customer Support, Offer Design and Consultation Services, Make it Affordable. TetraHost Hosting Solution is without a doubt the only true all in one solution on the market. With our power pack systems we make it easier than ever for our clients to manage and create accounts on the fly. We can host your site to a different location of the world.

CUSTOMER FOCUS

At TetraHost we are committed to continually evaluating and improving our product line and your services - ensuring that we're always firmly ahead of the competition, and even more importantly, providing our clients with everything that they need to be successful.

As technology changes with time, so do we. Our product development team is constantly researching and developing innovative ways to make life easier for webmasters and businesses everywhere.

We're made up of a tightly-knit team of system administrators, technicians and customer support professionals, overseen by the TetraHost Management Team.
