# South Point Technology

## COMPANY SUMMARY

SOUTH POINT TECHNOLOGY is a leading, highly innovative software house, systems integrator and technology provider, established to provide leading edge intelligent technical solutions and consulting services to businesses, organizations and government in order to allow the efficient and effective secure access and communication with various heterogeneous information resources and services, anytime and anywhere.

Highly oriented towards new challenges, SOUTH POINT TECHNOLOGY's mission is to provide innovative solutions and tools to help customers in the development of their Business.

The strong relationship we have with top-tier IT companies is testimonial to the high level of skill and quality of services offered to our clients.

# MISSION

Established to deliver leading edge ubiquitous secure technologies, intelligent technical solutions and consulting services to businesses, organizations and governmental bodies,

1. Providing high quality software development services, professional consulting and development outsourcing that would improve our customers' operations;
2. Making access to information easier and securer (Enterprise Business);
3. Improving communication and data exchange (Business to Business);
4. Providing our customers with a Value for Money;
5. Providing our employees with meaningful work and advancement opportunities...

## We value our Team

### **Passion first**

To face every day challenges knowledge and expertise are essential, but not enough if you are not driven by passion. This passion is what we share in our team, and what keeps us striving for excellence in everything we do.

### **Employee empowerment**

We don't think of empowerment only as a business strategy to improve efficiency, but as a natural way to develop a sense of ownership and responsibility among our team. We want our employees to openly share suggestions about their work and the company as a whole. We want them to feel part of the company, as they are the ambassadors of our organization.

### **Proactive teamwork**

One of the keys to SOUTH POINT TECHNOLOGY's success is our ability to work together as a team, and support each other in finding the best solutions for different projects.

Sharing know-how and experience enables us to maximize the performance of our products and services, adding value to clients.

### **Training program**

To deliver excellent services and design innovative products our team skills and competences are of crucial importance. We pursue a continuous training program both internally by sharing technical knowledge and organizing specific training sessions,
