CORPORATE OVERVIEW

Byte Trek Ltd is a top information technology company based in Bangladesh that provides information communication technology (ICT) solutions, and services using ultra-modern technologies.

Since 2018, we've provided timely business information solutions. Our capacities involve web & software development, digital marketing, contact support, and a host of other ICT-related services.

Our Mission

Byte Trek recognizes the huge potential of the local youth force equipped with ICT skills in Bangladesh that can be employed towards the ongoing demand of the global ICT sector and related services. That will enable our customers to source a high level of skill-based services at a competitive rate.

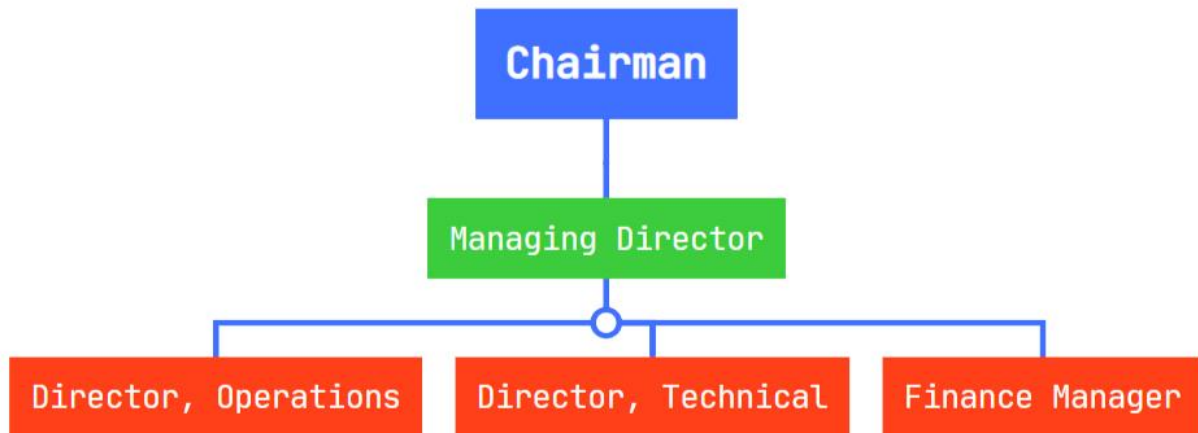

We expect to utilize our service to our customers so customers can focus on their business growth. Therefore, Byte Trek formed a mission statement to reflect that sentiment 'keep on the growth track with Byte Trek'.

Our Vision

Byte Trek aspires to provide all back office and ICT-related services utilizing local skills. Therefore, Byte Trek formed the vision statement 'Partner to your success'.

COMPANY ORGANOGRAM

OUR SERVICES & PRODUCTS

It has been ByteTrek's enduring mission to offer visible business value to clients and not just focus on technology- through a combination of strategic business expertise with deep capabilities in technology and infrastructure management, to enable clients to scale their operations rapidly to accommodate emerging business challenges.
