

Peoples Information & Technology Incorporation

Future is now

Introduction

About Us:

Peoples Information and Technology Incorporation is a dynamic and innovative IT company established under the esteemed banner of Peoples Group of Companies. We are dedicated to delivering cutting-edge IT solutions that empower businesses and organizations to thrive in the digital age.

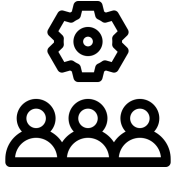

Mission:

Our mission is to revolutionize the IT landscape by providing comprehensive, tailor-made technology solutions that enhance efficiency, drive growth, and promote sustainability. We are committed to delivering excellence in every project we undertake.

Vision:

Peoples Information and Technology Incorporation envisions a future where technology is seamlessly integrated into every aspect of business and daily life. We aim to be at the forefront of this transformation, empowering our clients and partners to harness the full potential of the digital era.

Our Services

Software Development

Our team of expert developers crafts customized software solutions to address your unique business needs. From web applications to mobile apps, we turn ideas into reality.

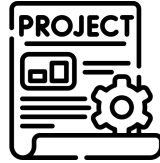

Web Design and Development

We create stunning, user-friendly websites that make a lasting impression. Our websites are not just visually appealing; they are also optimized for performance and functionality.

Mobile App Development

In a mobile-first world, we specialize in creating intuitive and feature-rich mobile apps for various platforms, ensuring a seamless user experience.

IT Consulting

Our seasoned consultants offer strategic guidance to help you leverage technology effectively. We provide insights and recommendations to optimize your IT infrastructure and investments.

Cloud Solutions

Embrace the power of the cloud with our scalable and secure cloud computing solutions. We ensure your data is accessible, protected, and ready to fuel your growth.

Our Work

At Peoples Information and Technology Incorporation, we take pride in our portfolio of successful projects. Our work spans various industries, from healthcare to finance, e-commerce to education. Some highlights include:

Client Name	Project Name	Project Description
Aksha Food Industry Ltd	Inventory Management System	We developed a user friendly inventory management system for the employees to help track their inventory and in turn improve sales
Ark Power Ltd	Customer Support System	Designed, developed & implemented a customer support and complaint ticketing system for client to improve services
BD Peer	HR Portal	Development & Integration of Mobile App (Android & iPhone) of Human Resource Management System with two years' service & support.
