Mission Statement

Saeed Enterprise mission is to develop state-of-the-art and easy to use software solutions for optimum consumer's satisfaction for the global market by employing the latest available technology through the effort of a smart and dedicated team.

Saeed Enterprise Consultants International seeks to be a leading global computer software engineering firm, which exceeds the consumers' expectations by providing advanced and easy to use software solutions using state-of-the-art technology through its highly skilled and dedicated team.

These solutions include software products and related services like consultancy, networking, training and support.

We believe in the following values to guide our conduct within the company and toward our valued customers:

Honesty – Respect – Empathy – Fairness – Integrity – Trust.

We commit to timely deliver high quality software, support and provide regular upgrades backed by comprehensive training. We are committed to maintain a high level of professionalism through teamwork and constant innovation.

Summary of the Company's Background.

Saeed Enterprise (Saeed Enterprise) is a software engineering and Information Technology (IT) consulting firm whose area of expertise is in developing user-oriented, customized software solutions for small, medium and large scale organizations. Saeed Enterprise started its operations on August 2018 with its Head Quarters based in Dhaka, Bangladesh.

Since its inception, Saeed Enterprise has become one of the most successful IT companies in Bangladesh. Saeed Enterprise's success is based entirely on its ability to meet the requirements of its customers dependably and cost effectively.

Through its extensive and up-to-date knowledge in Information Systems, Saeed Enterprise has the necessary competencies and the qualified experience to effectively and timely deliver first grade IT solutions.

Software Engineering.

As a software engineering firm, Saeed Enterprise employs best practices for developing modern, high quality applications that reflect international standards from a programming and usability perspective. The process of software engineering adopted by Saeed Enterprise is professional and guides its valued clients through the phases of analysis, design, implementation and maintenance.

In-house professionals provide users of the software with training, support and guidance thereby maintaining a high level of communication with clients throughout the system development life cycle.

Consulting.

As a consulting firm, Saeed Enterprise provides specialized consultancy in Information Technology and Enterprise Business Solutions. IT solutions range from Wide Area Networking to

all aspects of software engineering (Software Architecture, Programming, Database Administration, Website design, etc.)

Saeed Enterprise consulting services cover, but are not limited to the following:

- IT Solution
- Software Engineering
- Computer Networking
- Business Administration (Strategic Management, Human Resource Management)

Technologies.

Saeed Enterprise specializes in the following technologies:

- Microsoft .NET Framework
- C#, HTML, CSS, XML, JavaScript, jQuery
- Desktop, Web, and Mobile Programming
- Responsive, Dynamic and Static Websites
- Electronic Payments, Fiscalization
- Microsoft-based Collaboration Solutions (SharePoint, Outlook, Exchange)
- Business Intelligence
- SQL Server, Oracle, Firebird, MySQL, and other DBMSs

Products.

Since its inception, Saeed Enterprise has developed the following software products:

- Enterprise Resource Planning (Human Resource Management, Balanced Scorecard, Material Management, Property Management, Geographical Information System, and more)
- Standalone Software (Payroll, Hotel Management, Demurrage)
- Web-based and Web-enabled applications
- Interface and data exchange with Microsoft Excel, Word, Outlook
- Interface data Exchange with Social Media (Facebook, LinkedIn, Twitter)
- Desktop applications with latest Microsoft Office look and feel

Services.

Saeed Enterprise provides services in the areas of IT Consultancy, Seminars, Workshops, IT and Business Training, IT Outsourcing, Website Design and Development, and Software Technical Support, Payroll Bureau.

Team Collaboration Solutions.

Team collaboration is one of most crucial aspects of achieving success in the modern business environment. Vast majority of projects require assembling a team to tackle the tasks together.

To avoid miscommunications and frustrations, team members need to have a system in place that enable them to be more productive. Saeed Enterprise provides products and services that ensure that a team works effectively. These solutions provide support for ease of communication, access to information, and content management.

Saeed Enterprise team collaboration solutions are based on Saeed Enterprise products and Microsoft collaboration platform solutions such as SharePoint, Exchange, Outlook, Lync and other Office products. Saeed Enterprise products integrate with Microsoft solutions to provide the best fit for organizations' tailor made business requirements. Saeed Enterprise products are designed with the assumption that you will share data and reports with your coworkers, managers, partners, vendors, and others. This effective collaboration helps manage time, set goals, facilitate decisions, and gather opinions.

Websites and Mobile Apps

Dynamic Responsive Websites.

Saeed Enterprise develops modern responsive and dynamics websites as illustrated in the figures on the previous page. We apply leading best practices to deliver attractive and fast loading websites on any modern device – desktop computer, tablet, or smartphone.

Mobile Applications.

The figures bellow illustrate our latest design for multi-device applications.
