Our Sister Concern - HostOrient

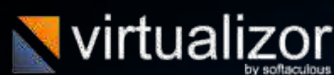

We provide fast & affordable BDIX hosting solution

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters.

Certifications & Memberships

Extent Technologies Limited is committed to maintaining the highest standards of quality, security, and professionalism in delivering IT infrastructure solutions. Our certifications and memberships reflect our dedication to excellence and industry best practices, ensuring trust and reliability for our clients in Bangladesh, the UK, and beyond.

Partner of

Proud Member of

Services Offered

Multi-Location Cloud Services

Our cloud solutions are designed to provide seamless and secure access to your data and applications across multiple locations. We offer both public and private cloud services tailored to meet the unique needs of each client.

Virtual Private Servers (VPS)

Extent Technologies Limited provides robust VPS hosting solutions that offer flexibility, security, and control. Our VPS services are ideal for businesses that require scalable resources and dedicated performance.

Dedicated Servers

We offer powerful dedicated server solutions that ensure optimal performance and reliability. Our dedicated servers are designed to handle intensive workloads and critical applications with ease.

Server Colocation Services

Our colocation services allow businesses to house their servers in our state-of-the-art data centers. We provide a secure, redundant, and climate-controlled environment to ensure maximum uptime and performance.

IP PBX Services

Our IP PBX solutions deliver advanced communication capabilities for businesses, including voice, video, and messaging services. Our systems are scalable and customizable to fit the specific communication needs of any organization.

Dedicated Email Servers

Extent Technologies Limited offers dedicated email server solutions that provide enhanced security, privacy, and reliability. Our email servers are designed to support high volumes of email traffic and offer advanced spam and virus protection.

Mission

Our mission is to empower businesses with cutting-edge technology solutions that enhance operational efficiency, scalability, and security. We are committed to delivering exceptional service and support to help our clients achieve their business goals.

To be a global leader in IT infrastructure services, recognized for our innovation, reliability, and customer-centric approach.

Core Values
