INTRODUCTION

We’ve been developing web solutions for a long time

ZeroGround is the parent company of a few technical business wings like ThemeNcode, ARwebhosting. We started ThemeNcode back in 2014 with the release of our first product TNC FlipBook.- PDF viewer for WordPress. This is one of the best PDF Reader plugins available for WordPress till now.

Since then, we’ve released a few more products as well as introduced different wings. Currently we have various plugins, apps, templates on various places. We’re a 100% product based company who makes money only by selling digital products to worldwide clients.

HIGHLIGHT

- We are a product based company, working with WordPress, Shopify and few other platforms.
- Our products are being used by thousands of clients all around the world

OUR SPECIALITIES

Ensuring Quality

We work hard to ensure the perfect quality and usability of our products. We have a multiple level QA system to make sure everything is as perfect as possible.

Support is the key

We always ensure our clients gets support as fast as possible. We provide live chat as well as support ticket system and many other channels to make it easier for clients to reach us and get support asap.

Flexibility and Adaptability

As a product company, we are always open to inputs from our clients and industry experts. We take every opinion positively and seriously.

CLIENT TESTIMONIALS

A good plugin is worth its weight in gold, and that always starts with good and professional support! This plugin meets that requirement completely, and so I can highly recommend it.

BERNFRAN

→ on TNC FlipBook, Codecanyon

Flipbook is visually appealing, mobile friendly, and highly customizable. It works well with the author's WP File Access Manager Plugin. Support is excellent and fast. I tried several PDF display plugins and liked this one the best.

LASHELLE

→ on TNC FlipBook, Codecanyon

Very satisfied, simple but with many options. I asked for additional information which was given to me quickly and clearly by support.
