your partner for sustainable technology

our
ethos

VISION | MISSION | VALUES

RESPECT

We treat others exactly the way we want to be treated. Respect is not an inherent right; we need to earn respect by respecting others

PASSION

People grow because they dare to dream and they have a passion to build and to deliver. Biometrics has a passion and that passion is instilled in our DNA. That's what has helped us come this far.

COMMITMENT

We are committed to our team, our partners, our customers and our country. Strong ethics, strong determination and a stronger commitment is what we truly believe in!

Small team of experts who build our clients' capability and accelerate impact

At Biometrics, we help organizations design, implement, and optimize their integration landscape. Our consultants ensure that integration solutions seamlessly align with the organization's vision and strategic objectives and help shape the transformation.

LEADERSHIP
Experience Shapes Success!

leadership - the biometrics way

Monzurul K Khan **Founder & Chairman**

Known to all as “Ronniee”, Monzurul brings executive leadership in the technology industry of Bangladesh and is considered to be “one-of-the-best” when closing deals.

Sabit A Sayeed **Founder & Director** **Technology**

Work in silence and let your success speak for you – the best way to describe Sabit A Sayeed. He is the steady force behind Biometrics’ seamless technology solution offerings.

Istiaq Ahmed **Managing Director**

With a background in working in multinational financial institutions and then transcending into building his own company in a different industry; Istiaq Ahmed combines sharp financial strategy with a long-view growth mindset that supports both scalability and resilience.

Kashfia Bashar **Director Operations**

With a background in scaling people operations, defining company policies & processes across tech companies, Kashfia is redefining what it means to lead with empathy, energy, and agility.

At Biometrics, leadership means more than setting a vision. It’s about showing up – for our clients, for our teams, and the future we’re building together.

In a world of impersonal platforms and corporate silence, Biometrics stands apart. Our leaders are close to the work — and closer to the people. With decades of hands-on experience, they bring unmatched operational depth and a passion for unlocking possibilities.

Partnerships & Alliances

Technology Partners Do Matter!

Strategic alliances with the world's leading companies enable us to provide complete solutions to your business and IT challenges. In the age of accelerated time to market and industrialized services, enterprise is looking for IT providers with a strong partner ecosystem who can build solutions that are agile, yet cost effective. Biometrics builds technical and business solutions by working closely with current and next generation partners from our ecosystem as our approach is customer business demand-driven, and not Biometrics partnership model-driven.

We collaborate exclusively with the best to ensure service excellence and make cutting-edge technology accessible to all our Clients. We align ourselves with exceptional partners, so you are consistently one stride ahead.

Client Portfolio

Biometrics enables its clients to address a dual mandate: to make their current operations as efficient and cost-effective as possible and to invest in innovation to unleash new potential across their organizations.

What makes Biometrics unique is our ability to help clients meet both challenges. We help them enhance productivity by ensuring that vital business functions work faster, cheaper and better. And, our ability to conceptualize, architect and implement new and expanded capabilities allows clients to transform legacy models to take their business to the next level.

**Ready to elevate your IT operations?
We've got you covered!**

**Why
choose
us?**

The Biometrics Difference

Client-First Mindset

At Biometrics, our clients come first. That has led us to create a business model designed to serve the needs—and achieve the goals—of our customers and retain them successfully by providing world-class support services

Talented Team

We strive to employ the best and brightest in our industry: people who can think strategically about clients' needs and are empowered to make a difference.

Unparalleled Support

To us, nothing can be more important than to address customer's concerns. Our top priority is always listening to the customer and act without wasting time. This is why we have managed to retain our customers and this is how we intend to move forward. No compromise on this front.
