SWOT analysis of eMythMakers.com

× Strengths

- Over 11 years of experience in developing portals and applications
- Seamless customer support from the beginning.
- A wide range of services including web development, software development, mobile app development, digital marketing and SEO
- Expertise in a variety of technologies including HTML5, CSS3, JavaScript, PHP, MySQL, WordPress, Laravel, React, Angular, Node JS, Express JS, Flutter, Dart and Firebase
- A number of high-profile clients including Amber Group, Resource Integration Centre, Dhaka University, East-West Media Group Ltd, Pran RFL-Group, Walton Group, HRC Bangladesh Ltd, bdnews24.com, Chittagong university, S. Alam Group and Rajshahi University

× Weaknesses

- Lack of skilled manpower in the country
- Higher wages for skilled manpower raises the cost of production

× Opportunities

- The demand for web and mobile app development is growing rapidly
- Expanding services to include new technologies such as artificial intelligence and blockchain
- Targeting new markets such as Tour-Travel and Healthcare

× Threats

- The competition in the web and mobile app development industry is fierce
 - There is a constant threat of new and disruptive technologies emerging
 - The global economic slowdown could lead to decreased demand for eMythMakers' services
- × Overall, eMythMakers is a well-established company with a strong track record of success. However, we need to be aware of the competitive landscape and take steps to mitigate the risks involved.
