

Syftet Limited

Innovating Through Software Excellence

Who are we?

Syftet Limited is a premier software development and IT solutions provider headquartered in Dhaka, Bangladesh, with a global footprint in Australia, Brazil, and the UK. Since our inception in **2015**, we have evolved from a technology-focused team into a multidisciplinary powerhouse of engineers, designers, and strategists.

We specialize in delivering high-quality, scalable, and cost-effective digital solutions for enterprises, SMEs, and startups. By leveraging open-source technologies and agile methodologies, we empower businesses to thrive in a competitive global market.

- **Our Mission:** We help businesses grow by providing innovative tools, scalable products, and reliable services, acting as a trusted partner in their digital transformation.
- **Our Vision:** To be a trusted, innovative software company delivering scalable, mobile-first solutions globally.

Our Services

We provide a full spectrum of IT services, tailored to meet diverse business needs:

1. Software Development

- Custom Software Development: Tailored solutions built from scratch to meet specific business goals.
- Web Application Development: Next-gen SaaS solutions and responsive web portals using Ruby on Rails, React, and Node.js.
- Mobile App Development: Native (iOS/Android) and Cross-Platform (Flutter/React Native) applications.
- Desktop Application Development: Robust offline-capable software for Windows and Mac environments.

2. Design & Product Strategy

- UI/UX Design: User-centered interfaces including wireframing, prototyping, and final graphics.
- Business Analysis: Requirement gathering, project mapping, and feasibility studies.

3. Advanced Technologies

- AI, ML & Deep Learning: Intelligent solutions for automation and data analysis.
- IoT Services: Connecting devices for smarter business operations.
- DevOps & QA: Continuous integration, automated testing, and security assurance.
